

**January 22 2009**

**As we gather to memorialize the 36 years of the infamous Roe v Wade decision which in essence legalized the intentional killing of Pre Born babies, let us recall how our culture came to this situation. At the rate of 3000 a day, in 36 years, we have killed more than 50 Million babies. This is like Nine eleven happening every day.**

**More than 95 per cent of these are done merely for convenience. This is an unspeakable tragedy called Abortion, Termination of a pregnancy, a woman's right to choose, a medical procedure these are all euphemisms which obscure the central truth –it is a baby we are all talking about.**

**The Court usurped it's authority and created a Law.**

**It was not passed by congress nor was it signed by the executive branch.**

**In this supreme court decision the justices wrote and I Quote**

**“It is not necessary for us to determine when Human life begins” Today Biological Medical Science, with the help of Ultrasound technology, proves beyond a shadow of any doubt that Human Life begins at Conception. The babies heart beat can be monitored at twenty five days and at twenty weeks all body organs are fully developed. The late Mother Teresa said “It is a great poverty to decide that a child must die that you might live as you wish”**

**How did we allow this to go on? We have been complacent from the very beginning. We failed to address the central issue.**

**Every abortion is 1<sup>st</sup> degree murder there is not a nice way to describe this. It is pre-meditated, knowingly and willfully committed. It is the killing of innocent human life-a BABY. Let us look at the procedure called Partial Birth Abortion. The baby is partially born in which the abortionist pierces the baby's skull, while still in the birth canal and then inserts a tube and sucks out the brains. If this was done to our pets we could end up in jail.**

**Think about how this has impacted our economy  
How many cotton blue jeans could we have sold and the impact on our cotton farmers?  
How many automobiles or hamburgers could we have sold  
Think of the impact of our Social Security System of the future.  
How much longer are we going to let this continue before we do something?**

**What lies ahead?**

**There is a bill going through Congress at this time called the Freedom of Choice Act which will in essence eliminate all Pro Life legislation in all fifty states.**

**Let me illustrate this with a short story.**

**A worried woman went to her gynecologist and said “Doctor, I have a serious problem and desperately need your help!**

**My baby here is not even a year old and I am pregnant again. I do not want kids so close together.**

**The doctor said “Ok what do you want me to do?**

**She said I want you to end my pregnancy, and I am counting on your help with this.**

**The doctor thought for a minute and after some silence he said to the lady.**

**I think I have a better solution for your problem. It is less dangerous for you too. She smiled thinking that the doctor was going to accept her request.**

**Then he continued: You see, in order for you not to have take care of two babies at the same time, let’s kill the one you are holding in your arms. This way you could rest some before the other baby is born. If we are going to kill one of them, it does not matter which one it is. There would be no risk for your body if you choose the baby in your arms.**

**The lady was horrified and said; “No doctor How terrible it is a crime to kill a child.**

**“I agree” the doctor replied “But you seemed to be OK with it, so I thought maybe this was the best solution.**

**As Scripture says, God has set before us life and death. And our culture has chosen death.**

**Join me in a short prayer for Life.**

**Father and maker of all, you adorn all creation with splendor and beauty. And fashion human lives in your image and likeness.**

**Awaken in every heart reverence for the work of your hands  
And renew among your people a readiness to nurture and sustain  
your precious gift of LIFE.**

**Grant this through Our Lord Jesus Christ your Son who lives and  
reigns with you in the unity of the Holy Spirit, God for ever and ever.  
Amen.**
